

■ FOR A DENTAL PRACTICE

A few things we think could help your practice, and an invitation.

You run this practice every day, so you know where it hurts better than I do. At YYZdata we have started building tools for dental offices, and before we take this wider I want to test the ideas with people I trust. This is not a pitch. It is an invitation: we are looking for one practice to build this with as a pilot partner.

IDEA 01

Take the insurance load off your team

Eligibility, pre-determinations, claims and resubmissions prepared automatically, with your team stepping in only on the exceptions.

Even a few hours back per biller each week is real money.

IDEA 02

Fill the schedule from your own list

Your recall and overdue list worked automatically, by text and email, into the chair time you already pay for.

A handful of recovered visits a month can cover it.

IDEA 03

One clear view across your offices

Production, collections, the insurance backlog and the schedule, per location, on one screen.

Decisions made on numbers, not the loudest problem.

What a pilot or build partner gets

We build one of these for your practice, shaped around how you actually work, to see if it helps. First access, and a direct line to the people building it. In return, you tell us what is useful and what is noise.

Our whole outlook is simple: find the problem worth solving, then solve it. The questions on page two help us find yours.

Be our pilot on this · ranj@yyzdata.com

STILL SHAPING THIS OFFERING · WE REFINE IT WITH THE OPERATORS WE SHOW IT TO

A few questions, so we build the right thing.

No wrong answers, a rough guess beats a blank, and please add your own.

Name

Practice

Email

1 What you run today (check what applies)

Practice mgmt (Open Dental, Dentrix, Eaglesoft)

Scheduling / reminders

Patient comms / portal

Marketing / recall

Insurance / clearinghouse

Phones / answering

Payments

Other:

2 What eats the most time (check the top few)

Insurance and pre-determination

Recall and reactivation

Scheduling

Switching screens

Front desk and phones

Billing and claims

Charting and notes

Other:

3 If we could build one thing for you

Dream big. If you want pre-determinations prepared before the patient walks in, say exactly that.

4 What must stay exactly as-is

Your practice-management system, a contract, or a compliance requirement (HIPAA).

5 Open to a pilot?

Yes, gladly

Maybe, show me

Not right now

First thing you would want us to try, and what would make it a clear win:
